GitHub: <https://github.com/vyshnavin079>

Email: vyshnavi168@gmail.com

Mobile: +91-9072974408

SKILLS

- **Languages:** C++, C, Python, Java, HTML, CSS, JavaScript
- **Frameworks:** Node.js
- **Tools/Platforms:** VS Code, Git, GitHub, Linux(basics), MySQL
- **Core Skills:** Data Structures & Algorithms
- **Soft Skills:** Problem-Solving Skills, Team Collaboration, Proactive Thinking, Adaptability

PROJECTS

Goal Tracker Chatbot | [LINK](#)

March 2025

- Developed an interactive chatbot to assist users tracking, and managing daily goals, aiming to improve productivity and task consistency.
- Designed and implemented conversational logic to handle goal creation, updates, and reminders.
- Implemented data storage for real-time tracking and personalized feedback.
- Successfully improved user engagement and goal completion efficiency through a simple chat-based interface during testing.

Tech: Python (Flask), REST API Integration, JavaScript, HTML, CSS, Gemini AI

AI-Powered Directory Management| [LINK](#)

April 2025

- Developed an intelligent file management system to automatically organize and categorize files based on type and content, improving directory structure and accessibility.
- Implemented file classification logic using Java File I/O and NIO APIs to detect file types and dynamically move files into structured folders (Documents, Images, Videos, etc.).
- Automated file organization process with efficient handling and error management, enabling faster file retrieval and improved system organization during testing.

Tech: Java, File I/O, Java NIO (Files, Paths), Data Structures (HashMap, Lists)

Personal Contact Management System| [LINK](#)

July 2025

- Developed a console-based application to manage contacts efficiently.
- Implemented features: add, view, search, update, and delete contacts.
- Applied validation logic to prevent duplicate phone numbers.
- Designed a menu-driven interface for user interaction.

Tech: Python, OOP, Data Structure

TRAINING

CSE Pathshala – Data Structure & Algorithms using Python | [LINK](#)

June-July 2025

- Completed a 35+ hour structured live summer training program on Data Structures and Algorithms.
- Developed a **Personal Contact Management System** as a hands-on project using python and OOP.
- Utilized lists, dictionaries, and sets for efficient data handling.
- Gained practical experience in Python, OOP, and problem-solving techniques.

CERTIFICATES

- | | |
|---|----------------|
| • NPTEL Cloud Computing Link | October 2025 |
| • CSE Pathshala Python Using Data Structures & Algorithms Link | August 2025 |
| • Coursera Computer Communications Specialization Link | December 2024 |
| • Coursera The Bits and Bytes of Computer Networking Link | September 2024 |
| • FreeCodeCamp Responsive Web Design Link | October 2023 |

ACHIEVEMENTS

- Solved 70+ DSA problems on LeetCode.
- Solved 40+ problems on GeeksforGeeks.
- Participated in Code-A-Haunt Hackathon.

EDUCATION

Lovely Professional University <i>Bachelor of Technology in Computer Science and Engineering</i> CGPA: 5.95 Government Girls Higher Secondary School <i>Intermediate</i> Percentage: 91% St. Mary's Girls High School <i>Matriculation</i> Percentage: 95%	Punjab, India August 2023 - Present Kerala, India April 2020 - March 2022 Kerala, India April 2019 - March 2020
